

**Grow in Faith
Have fun
Change the World**

Grounded in Jesus' Parable of the Sower, ReNew: The Green VBS brings together the Bible and environmental stewardship. From tiny towns to huge cities, kids grow in faith as they play, learn, sing, and work toward renewing their congregations and communities.

By serving in the community and inviting the community into church, kids demonstrate that being green can be easy, faithful, and fun. Although current threats to our environment can seem scary, ReNew is about hope, opportunity, and service. Kids and congregations lead the way as stewards of the earth.

What happens when heads, hearts, and hands are in harmony? Kids grow in faith, have fun, and change the world.
